# THE SOLUTION TO YOUR PRINTING NEEDS

I have several card designs but can't choose which ones to print. I don't have the warehouse space to store inventory of each design.

DIGITAL ORDERS WORK BEST WITH ORDERS FROM

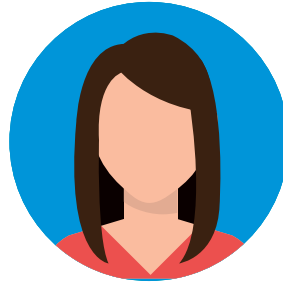

**1 → 250,000**

BY PRINTING SMALLER QUANTITIES OF EACH DESIGN, THE CONSUMER CAN CHOOSE THE BEST CARD FOR THE OCCASION.

ONCE YOU'VE DETERMINED THE TOP PERFORMERS, ORDER HIGHER QUANTITIES PROGRESSIVELY.

**REDUCES INVENTORY**

Last year I ran out of gift cards right before the holidays. That can't happen again!

DIGITAL PRINTING IS THE QUICKEST WAY FOR YOU TO ORDER ADDITIONAL INVENTORY SHIPPED DIRECT TO STORE WITHIN DAYS.

NO NEED TO COMPROMISE QUALITY. DIGITAL PRINTING OFFERS CARD EMBELLISHMENTS AND ADD-ONS LIKE CARRIERS AND FULFILLMENT.

**READY JUST IN TIME**

I have 200+ locations with time-bound campaigns but I don't have the budget to produce large quantities of promo cards.

DIGITAL PRINTING WORKS ON YOUR SCHEDULE AND IS SCALABLE DEPENDING ON YOUR NEEDS AND BUDGET.

PRINTING VARIABLE DATA ALLOWS YOU TO ORDER SMALLER QUANTITIES OF HIGHLY TARGETED PROMO CARDS FOR LESS MONEY.

**BUDGET CONTROL**
